

Title: Survey of Project Management Methods

Course:

Year: 1989

Author(s): S. I. Ahmed, S. Bennett, M. Inceoglu, C. Nardini, A. Pagliero
and A. Rachwan

Report No: P89012

ETM OFFICE USE ONLY

Report No.: See Above

Type: Student Project

Note: This project is in the filing cabinet in the ETM department office.

Abstract: We base this report on a survey conducted to collect and analyze information about the criteria and methods used in industry during the selection, planning and resource allocation phases of projects. Results gathered from survey respondents are also compared to literature search findings.
